ASK SOMEONE YOU TRUST

GETTING STARTED

Successful insurance partnerships do not just happen. They evolve through understanding and eventual trust between **YOU**, the insured who faces the risk, **WE**, the broker who designs and places coverage, and **the carrier**, who provides the protection. We take the time to explain the issues in order to earn your trust.

OUR ROLE

HARVEY INSURANCE GROUP's role starts prior to the placement of coverage in identifying your company's exposure to risk and offering our tailored solutions to that risk. We believe that the total cost of risk encompasses much more than the cost of insurance. We see that our clients receive the meaningful support they need for:

- *Implementing a tailored insurance program*
- *Reviewing contracts*
- *Providing Certificates of Insurance*
- *Receiving updates on new trends and products*
- *Overseeing the services of the insurance company*
- *Consulting on complex claim and loss control issues*

We know that you have a choice of insurance brokers. That is why we strive to maintain our market influence to always place your coverage at competitive premiums, and to always provide the highest level of attention and service to our clients.
